

# 2015 Alabama Hot Weather Training Seminar For Service Technicians & Managers

Auburn University – College of Agriculture - March 10, 2015

The National Poultry Technology Center at Auburn University in cooperation with the Alabama Poultry & Egg Association and the Auburn University Poultry Science Department held a one-day practical training seminar to address hot weather housing, ventilation and equipment issues that affect the modern poultry house. The seminar was held in the conference room of the New Auburn University Feed Mill.

Over 80 poultry company live production representatives were in attendance for the meeting.
